Emory University, B.A.

Overview

Natalie advises clients on all aspects of their business formation and planning and also assists with contract drafting and review, stock transactions, commercial real estate dealings, and commercial lending and borrowing transactions. Natalie is committed to helping her clients achieve their business goals and resolve any issues that emerge during the lifecycle of their business.

Natalie works directly with company management and boards of directors on issues related to corporate governance structure, document drafting and interpretation, and business transactions. Natalie has counseled borrowers in commercial real estate transactions both private and government-subsidized.

Representative Experience

- Represented closely-held business in employee stock offering and corporate restructuring
- Successfully handled small claims matters, including contract disputes and customer lawsuits
- Negotiated, drafted and reviewed contracts for a range of agreements, including customer and vendor relationships, marketing, sales, NDAs, SaaS, licensing, employment, and contractor services
- Researched, analyzed and advised on legislative matters affecting a closely-held business
- Drafted written and electronic documents for legislative proposals and communications
- Provided lead counsel to an HR Department for immigration and employment issues
- Managed formation and annual business filings for corporation and associated entities
- Conducted due diligence for real estate transactions and potential corporate mergers for mid-sized closely-held business looking to expand operations
